

# Coxwold Grove

## Residential Service

Avocet Trust is a registered charity that provides lifetime support to vulnerable people to enable them to live fulfilled & valued lives through making personal choices

### Service Description

Avocet Trust's Coxwold Grove service comprises two detached houses located next door to each other.

The houses are integrated within the community, and are within walking distance of local shops and transport.

One house has a sensory room. Each property can accommodate two service users. The existing service users have a wide range of needs and abilities.

### Support

Avocet Trust provides fully trained support staff for its clients. We use a person-centred, problem solving approach to ensure that clients experience the highest possible quality of life and fully develop their potential. This is realised by continually reassessing the needs and abilities of all Avocet clients, and by offering both opportunities and choices, supported by well-trained and professional staff.

### Activities

Each service user has a Person-Centred plan, which is tailored to each individual. These plans are written by the support staff, with input from family, friends and professionals, who are involved in the service user's life. Each service user has an activity plan, which incorporates the individuals' interest. Activities participated in are a way of maintaining independence. They are also stimulating and meaningful, but most importantly, they are fun!
