

Neat Marsh House

Specialist Service for People on the Autistic Spectrum

Avocet Trust is a registered charity that provides lifetime support to vulnerable people to enable them to live fulfilled & valued lives through making personal choices

Service Description

Neat Marsh House is a service, which specialises in the care of people on the autistic spectrum. Neat Marsh comprises four individual self-contained flats. Each flat has a private living area, bedroom, kitchen and bathroom.

There are two ground floor flats and two first floor flats.

There is also an internal communal area and extensive garden, which surrounds the property, for residents to enjoy and relax in.

Neat Marsh is situated in Preston, near Hedon. Due to the rural location of the property, there is plenty of opportunity for country walks, away from the hustle and bustle of the city.

Close by, in the village of Preston, there are numerous amenities available such as:

- Supermarket and village shops
- Garden Centre with restaurant
- Pubs and various eating places
- Enjoyable coastal walks

Further afield, there are popular coastal towns, which can be easily accessed from this side of Hull.

The service is located alongside our Day Service, Matthew's Enterprise. Matthew's Enterprise comprises 6½ acres of land and 2½ acres of greenhouses and offers day service users the opportunity to learn a variety of skills such as animal care, cooking, woodwork, metalwork and arts and crafts.

Support

Avocet Trust provides fully trained support staff for its clients, ensuring that they experience the highest possible quality of life and fully develop their potential. This is realised by continually reassessing the needs and abilities of all Avocet clients and by offering both opportunities and choices, supported by well trained and professional staff.

We do this by using a person-centred, problem solving approach. We enable choices to be made by regularly listening to and communicating with, the service user and their stakeholders.

We value, train and support our staff to enable them to develop their skills.
