

St George's Road

Residential Service

Avocet Trust is a registered charity that provides lifetime support to vulnerable people to enable them to live fulfilled & valued lives through making personal choices

Service Description

St George's Road service is situated in the West of the City of Hull in an area known for its community spirit and easy access to all local amenities.

The service comprises four separate properties, one of which has a self-contained flat.

All houses are fully furnished, according to clients' personal choices and needs. The service is also equipped with a sensory room, overhead hoists and mobile hoists to meet all of our clients' needs and requirements.

Support

We provide care using a person-centred approach, and the staff teams focus on following O'Brien's Principles. This enables the service users to live fulfilling lives in a community based environment, and to make

choices in their lives. Each service user has a structured activity plan. Social activities are planned on an individual basis, taking into account the service user's own needs, interests, likes and dislikes.

Activities

Each service user has a structured activity plan, which incorporates the individual's interests. This promotes independence and choice. Some activities are on a one to one basis, where others may be with a friend or group, depending on the individual's preferences.
