### Service Description

Domiciliary or Supported Living is for you if you wish to remain in control and keep your independence. We aim to achieve this with you as the most important person through a Person-Centred Plan that ensures your choices and wishes are being met. Through this person-centred plan, you decide how this is going to happen. You are in control. We know you are the expert about your own life, and we will listen to you to try to give you the opportunities in life that you are entitled to the same as anybody else!

### Your goals are our goals

We are committed to providing a bespoke service, which is tailored to suit your individual needs. We provide services for individuals that live in shared accommodation and single person accommodation. Whatever your preference may be, we will build your choice of support around you, so even in a shared accommodation we provide an individual package to meet your needs.
