

Matthew's Enterprise Trust
Empowerment For Life

Matthews Enterprise Trust (MET) is a local day care service situated on Neat Marsh Road just on the outskirts of Hull at Preston Village.

The MET site provides adults with learning difficulties the opportunity to develop skills to prepare them to live as independently as possible.

We aim to achieve this by developing self-esteem and confidence through educational training and development.

There are six and half acres of land on the Preston site with a large greenhouse and animal enclosures where everyone can join in the fun to help grow their own food or help to look after the animals.

We also have fully equipped woodwork and metalwork shops where people can pick up basic carpentry, rural crafts and metal working skills. We also have Arts and crafts Facility and Media and Photography centre available on the site.

To assist with the development of students we have a structured sessional timetable. These Sessions are run Monday to Friday 9:30 - 4 by our highly experienced professional tutors running various sessions

during the week. Transport services to and from the MET site is available to students attending sessions however this will be dependent on students pick up and drop off point.

These sessions include:

- Metal Work
- Woodwork
- Catering skills
- Animal Welfare
- Concrete Moulding
- Arts and Crafts
- Photography
- Daily Living Skills
- Horticulture
- Gardening services

We offer ASDAN certification and accreditation within the educational classes and eventually we aim to have links with the local colleges so our qualifications can be accredited. It is our hope that in the near future we will be able to take on apprentices so that we can help vulnerable adults into employment. Meaningful work is an important part of everyone's life.

To find out more about what we can offer or to arrange a visit please contact us on 01482 688091 or 01482 329226
